Example Labs Password Policy

Version 2.1. Owner: Security team. Applies to every employee and contractor.
This is a made-up policy written to test ComplianceLens.

1. Purpose

This policy sets the minimum standard for passwords that protect Example Labs accounts.
It covers AWS console and GitHub accounts.

2. Password requirements

Every password must be at least 12 characters long.
Passwords must never be shared, sent by email or written down.

3. Summary for system owners

Minimum password length: 8 characters.
Password history: 5 passwords.
